Safety Training Video  
with new COVID-19  
procedures

Now available at: <https://cklass.ca/services/student-transportation/school-bus-safety/>

The videos are also available in Described Video and Closed Captioning.

The videos are funded by the Province of Ontario, and are available exclusively through OECM and our supplier partner, Intertrain Incorporated. They have been created with input from the Ontario Association of School Business Officials' (OASBO) Transportation Committee. The videos have been refreshed for this school year to include updated standardized rider safety in Ontario.

Videos refreshed to address COVID-19 - We recognize that these are challenging and unprecedented times for school boards, transportation consortia, bus operators, parents and students. As the COVID-19 (Coronavirus) pandemic continues, we are taking the necessary steps to manage and respond to the evolving circumstances while also protecting the safety of students and bus drivers. To this point, the school bus rider safety videos have also been updated to include suggestions to address COVID-19 as it relates to school bus transportation and safety.
