

FLUID RESISTANT EARLOOP FACE MASK BLUE

REF 186771

Provides protection from fluids and particles that cause illness and infection. Can be used as protection for asymptomatic individuals or to contain droplets from symptomatic individuals. Soft, stretchy ear loops provide comfort when worn for extended periods of time. Meets the following protective benchmarks:

- **Fluid resistant at 120 mm Hg**
As tested to ASTM F1862 (Equivalent to ASTM Level 2 masks)
- **≥ 98% Bacterial Filtration Efficiency (BFE)**
As tested to ASTM F2101 (Equivalent to ASTM Level 3 masks)
- **≥ 98% Particle Filtration Efficiency (PFE)**
As tested to ASTM F2299 (Equivalent to ASTM Level 3 masks)
- **Class 1**
Flame Resistance (Equivalent to ASTM Level 3 mask)
