GLSS - Outdoor Sports Complex, located at Great Lakes Secondary School, boasts the Lambton Kent District School Board's first artificial turf athletic field.

Opened in 2022, at a cost of \$5.5 million, this artificial turf multi-sport field, which is surrounded by an eight-lane running track, can be rented for a variety of sports activities, including football, rugby, soccer, lacrosse, field hockey, Ultimate Frisbee and track & field meets.

Artificial turf advantages -

- Begin season earlier in the Spring (April) and play longer into the Fall (November), compared to natural turf playing season.
- Maintain competitiveness with teams in other areas that train on artificial turf fields.
- Reduced rain outs and cancelled games due to inclement weather.
- Better positioned to host major competitions and tournaments.

It is the intent of the Board to make the Outdoor Sports Complex available, for approved Community Use of Schools rental activities, in a fair, equitable and cost recovery manner, while recognizing that the primary use of the facility is for the delivery of education to its students.

Community Use of Schools is operated under the umbrella of Chatham-Kent Lambton Administrative School Services (CLASS), which is jointly and equally owned by the Lambton Kent and St. Clair Catholic District School Boards. If you would like to book a site visit please contact the Community Use of Schools Rental Office @ 877-887-4025.

RULES & REGULATIONS

We ask that every team official, player, spectator and parent be aware of the following rules and regulations for use of the Outdoor Sports Complex.

Code of Conduct

All persons, while on Board property, must adhere to the Board's [Code of Conduct Procedures](#) which outline acceptable standards of behaviour, and maintain a safe, positive environment free from violence.

Permit holders are responsible for the conduct and behaviour of their coaches, players, referees, and spectators.

Help us care for this facility

Please be considerate of the school site, as well as neighbouring properties, keep the grounds clean and keep noise levels down.

Groups are responsible to clean-up/remove all litter/recycling at the end of the rental. Failure to restore grounds to their original condition could result in clean-up fees being charged to the rental group.

If a user group finds the complex in an unclean condition, they should notify the Rentals Office by calling 519-627-0835, and, if possible, emailing photos to communityuseofschools@cklass.ca

If damages occur, during a rental, the permit holder must submit an online Property Damage Report - <https://cklass.ca/damage-report/>. Financial responsibility for damages to Board property, caused during a rental are borne by the permit holder.

RULES & REGULATIONS

Prohibited activities

School facilities may not be used in any manner contrary to the Ministry of Education, and Lambton Kent District School Board's Rules & Regulations.

Games of chance, illegal activities and activities involving the use and/or discharge of weapons are not permitted.

Alcohol, smoking, and/or holding lighted tobacco and/or cannabis products, shisha or imitation smoking-related products and accessories, including e-cigarettes and vaporizers, are not permitted within 20 metres of all school property.

Fireworks, hot air balloon and/or helicopter rides, drones, carnival type equipment/rides, and handing out/displaying/releasing balloons are not permitted rental activities.

Inclement weather

The outdoor sports complex is open rain or shine, rain dates and/or refunds are not provided.

The complex should not be used in weather conditions involving the threat of lightning. The presence of even distant thunder warrants leaving the field and surrounding areas. The field should be clear for at least 30 minutes after last bolt of lightning or clap of thunder.

RULES & REGULATIONS

The Artificial Turf Athletic Field is available to rent for approved uses only (i.e., football, rugby, soccer, lacrosse, field hockey, Ultimate Frisbee and track & field meets). No casual use is allowed, all field use requires an approved rental permit.

Only players, coaches and officials are allowed on the turf

This means that the turf is used exclusively for sports games or training by players, coaches and officials wearing the right footwear. Correct footwear plays an important part in keeping the turf in good condition. Footwear must be molded rubber cleats, turf shoes or running shoes. Metal cleats and screw-in plastic cleats are not permitted. Footwear that has long blades, studs, or heels can puncture the turf. All cleats and studded footwear must only be worn on the turf surface, NOT on the track.

No spikes!

Equipment with spikes, prongs, and sharp ends can gouge the turf, often, tents used for shade fall into this category. Secure tents with ropes and poles that are anchored by weights, like sandbags, and don't use stakes under any circumstances.

Track spikes are allowed to be used on the track for approved track & field bookings only. A maximum spike length of 6mm must be strictly enforced.

Equipment

Please keep equipment with rust stains and chipped paint etc. off the field as debris can work its way into the turf and cause damage.

Don't bring dumbbells, barbells, kettleballs, or medicine balls onto the field as concentrated units of weight routinely hitting the same area can damage the turf's subbase.

RULES & REGULATIONS

Substances that may harm the turf

Food and drinks can damage artificial turf, especially sugary items which become sticky when they heat up in the sun and can cause turf fibres to clump together. Please do not bring any food items onto the turf, including gum, sunflower seeds and nuts. Only water in non-breakable containers is permitted on the turf.

Ointments or sunscreen must be kept at player benches or outside the fenced area.

Emergency Response

All groups must have a plan in place to deal with emergencies, such as medical emergencies, natural disasters etc.

If a critical injury occurs the Event Supervisor should stop activities, vacate/secure the site, and obtain medical treatment. The Permit Holder must submit an online Injury Report - <https://cklass.ca/injury-reporting/>

Rental groups are expected to have a concussion protocol in place containing information on concussion prevention, identifying symptoms and signs of a concussion, initial response procedures for a suspected concussion, and management procedures for a diagnosed concussion, including a return to physical activity plan.

A Critical Injury refers to an injury of a serious nature that: places life in jeopardy; produces unconsciousness; results in substantial loss of blood; involves the fracture of a leg or arm; involves the amputation of a leg, arm, hand or foot; consists of burns to a major portion of the body; or causes the loss of sight in an eye.
