

Important: Potential Bus Cancellations & Exam Schedule Plan for Monday, January 26

We are currently monitoring a weather system, as reported by Environment Canada, that is projected to bring significant snowfall to the Sarnia-Lambton and Chatham-Kent regions on Sunday, January 25, 2026, with the potential to continue into Monday, January 26, 2026. To support students, families, and staff in planning ahead, the LKDSB is proactively sharing our exam-continuity plan should school buses be **cancelled anywhere in the district** on **Monday, January 26**.

Please note: **Decisions will NOT be made on a school-by-school basis.**

If buses are cancelled in **any zone** within the LKDSB, **the entire district will follow the same plan** outlined below.

Decision Timing

The decision regarding bus cancellations **will be made early Monday morning** in collaboration with **CLASS Student Transportation Services**, our transportation partners. The outcome will be communicated to all families and staff as soon as it is confirmed.

If Buses Are Cancelled on Monday, January 26, Period A exams will take place on Tuesday, January 27.

The schedule for the remaining Period B, C, and D exams will be shared with all staff, students and families in the **afternoon of Monday, January 26th**.

We recognize the challenges this may cause and sincerely appreciate the flexibility and readiness of students, families, and staff to adjust as needed during weather-related disruptions.

Student and staff safety remains our top priority. By sharing this information in advance, we aim to provide families and schools with clear expectations and adequate time to prepare for either scenario.

Thank you for your understanding and cooperation.
